**"Where quality and service  
 still count..."**

### 8M BUMPA HOIST

This Bumpa hoist is quick & easy to erect & is the ideal machine for fast loading of bricks, blocks, tiles & fittings on to a roof or scaffold. Can position 1000 tiles in 25 minutes; it can be easily moved by two men & repositioned in seconds. The Bumpa hoist is fully reversible for stripping salvage etc.

| Hire Period    | 1 day | 2 day  | 3 day  | week   |
|----------------|-------|--------|--------|--------|
| 8m Bumpa Hoist | 98.51 | 114.93 | 131.35 | 164.19 |

• Weight: 76kg

• Voltage: 110v 32amp supply

### CONVEYOR

Capable of moving large amounts of soil, gravel & building materials, these conveyors are ideal for sites where you need to tackle tough inclines with large loads. The 3m conveyors can be linked together to form a long, continuous run on large sites.

Site surveys available contact your nearest depot.

| Hire Period                 | 1 day  | 2 day  | 3 day  | week   |
|-----------------------------|--------|--------|--------|--------|
| 3m Conveyor                 | 182.42 | 182.42 | 182.42 | 182.42 |
| Pair of Conveyor Connectors | 15.20  | 15.20  | 15.20  | 15.20  |
| Conveyor Hopper             | 15.20  | 15.20  | 15.20  | 15.20  |
| Conveyor Support Legs       | 15.20  | 15.20  | 15.20  | 15.20  |

• Weight: 82kg

• Voltage: 110v 16amp supply

## LIFTING AND MOVING

### 200KG SCAFFOLD HOIST

SAFETY EQUIPMENT SUGGESTED

Ideal for hoisting mortar, bricks, tiles, tools & materials; the 200kg Scaffold hoist simply clamps to a vertical scaffold pole.

Lifting Speed 19 m/min

| Hire Period          | 1 day | 2 day | 3 day | week   |
|----------------------|-------|-------|-------|--------|
| 200kg Scaffold Hoist | 62.03 | 72.37 | 82.69 | 103.37 |
| Barrow Chains        | 13.37 | 13.37 | 13.37 | 13.37  |
| Brick Basket         | 18.24 | 18.24 | 18.24 | 18.24  |
| Webbing Slings       | 12.16 | 12.16 | 12.16 | 12.16  |

• Weight: 42kg

• Voltage: 110v 16amp supply

### ENGINE CRANE

SAFETY EQUIPMENT SUGGESTED

A hydraulic crane for removing engines & heavy objects.

2 Tonne version also available

| Hire Period  | 1 day | 2 day | 3 day | week  |
|--------------|-------|-------|-------|-------|
| Engine Crane | 32.84 | 38.31 | 43.78 | 54.72 |

### MATERIAL LIFT

SAFETY EQUIPMENT SUGGESTED

A versatile & heavy duty material lift which can be easily controlled & operated by one person within confined working areas. Ideal for installing or servicing sheet metal air ducts, air conditioners, construction framework, transformers or any other item which is relatively light & bulky.

SLA 15: Maximum Height of Lift 4.98m SWL 363kg

SLA20 Maximum Height of Lift 6.46m SWL 363kg

SLA 25: Maximum Height of Lift 7.94m SWL 295kg

| Hire Period           | 1 day | 2 day  | 3 day  | week   |
|-----------------------|-------|--------|--------|--------|
| Material Hoist SLA 15 | 87.56 | 102.16 | 116.75 | 145.94 |
| Material Hoist SLA 20 | 87.56 | 102.16 | 116.75 | 145.94 |
| Material Hoist SLA 25 | 87.56 | 102.16 | 116.75 | 145.94 |
| Extension Forks       | 21.01 | 21.01  | 21.01  | 21.01  |

• Weight (SLA 15): 144kg

• Weight (SLA20) : 204kg

• Weight (SLA 25): 204kg

### GIN WHEEL & ROPE

SAFETY EQUIPMENT SUGGESTED

Fitted with an automatic breaking system if the rope is accidentally released, the gin wheel is an easy way to raise & lower loads.

Various rope lengths available.

SWL: 50kg

| Hire Period      | 1 day | 2 day | 3 day | week  |
|------------------|-------|-------|-------|-------|
| Gin Wheel & Rope | 14.60 | 17.03 | 19.46 | 24.32 |

• Weight: 5kg

## LIFTING AND MOVING

### CHAIN BLOCK

SAFETY EQUIPMENT SUGGESTED

Manual chain blocks are designed to take the strain out of heavy lifting. They are ideal for many situations from construction to engineering work. Other sizes available.

| Hire Period         | 1 day | 2 day | 3 day | week  |
|---------------------|-------|-------|-------|-------|
| 1 tonne Chain Block | 21.90 | 25.54 | 29.19 | 36.48 |
| 2 tonne Chain Block | 27.14 | 31.65 | 36.18 | 45.23 |
| 3 tonne Chain Block | 32.84 | 38.31 | 43.78 | 54.72 |

### KERB LIFTER – END TYPE

SAFETY EQUIPMENT SUGGESTED

For manual handling of kerbs & paving slabs.

| Hire Period            | 1 day | 2 day | 3 day | week  |
|------------------------|-------|-------|-------|-------|
| Kerb Lifter – End Type | 14.60 | 17.03 | 19.46 | 24.32 |

### DILLEY TROLLEY

SAFETY EQUIPMENT SUGGESTED

These flat bed trucks are designed to tackle uneven ground whilst carrying loads up to 1000kg. Available with solid or pneumatic wheels.

| Hire Period    | 1 day | 2 day | 3 day | week  |
|----------------|-------|-------|-------|-------|
| Dilley Trolley | 27.73 | 32.35 | 36.97 | 46.22 |

### 6 WHEELED TROLLEY

SAFETY EQUIPMENT SUGGESTED

The ideal trolley for moving steelwork, lintels & long awkward items around warehouses & sites. Not suitable for use on uneven surfaces.

| Hire Period       | 1 day | 2 day | 3 day | week  |
|-------------------|-------|-------|-------|-------|
| 6 Wheeled Trolley | 27.73 | 32.35 | 36.97 | 46.22 |

### PLASTERBOARD LIFTER

SAFETY EQUIPMENT SUGGESTED

A simple winch operated lift for positioning plasterboard, prior to fixing.

| Hire Period         | 1 day | 2 day | 3 day | week  |
|---------------------|-------|-------|-------|-------|
| Plasterboard Lifter | 25.53 | 29.80 | 34.05 | 42.56 |

### PLASTERBOARD TROLLEY

SAFETY EQUIPMENT SUGGESTED

A trolley designed to transport plasterboard, MDF sheets & other difficult to carry panels. 4 wheel version also available.

| Hire Period          | 1 day | 2 day | 3 day | week  |
|----------------------|-------|-------|-------|-------|
| Plasterboard Trolley | 16.79 | 19.57 | 22.38 | 27.96 |

### PALLET TRUCKS

SAFETY EQUIPMENT SUGGESTED

The ideal machine for moving boxes or pallets around sites, warehouses or factories.

SWL 2000kg

| Hire Period   | 1 day | 2 day | 3 day | week  |
|---------------|-------|-------|-------|-------|
| Pallet Trucks | 29.19 | 34.05 | 38.91 | 48.65 |

• Weight: 75kg

### SACK TRUCKS

SAFETY EQUIPMENT SUGGESTED

Rugged design, simple to use with solid or pneumatic tyres.

| Hire Period               | 1 day | 2 day | 3 day | week  |
|---------------------------|-------|-------|-------|-------|
| Sack Trucks               | 9.12  | 10.64 | 12.16 | 15.20 |
| Sack Trucks Rough Terrain | 13.89 | 16.21 | 18.53 | 23.16 |

• Weight (STD): 20kg

• Weight (Rough Terrain): 27kg

# LIFTING AND MOVING

## ROUGH TERRAIN PALLET TRUCKS

SAFETY EQUIPMENT SUGGESTED

This manual pallet truck is specially designed for moving palletted loads over uneven surfaces, ideal for use on building sites.

SWL: 1200kg or 1500kg  
Maximum Height of lift: 120mm

| Hire Period                 | 1 day | 2 day | 3 day | week  |
|-----------------------------|-------|-------|-------|-------|
| Rough Terrain Pallet trucks | 58.37 | 68.10 | 77.83 | 97.29 |

• Weight: 200Kg

## BEAM CLAMPS

SAFETY EQUIPMENT SUGGESTED

Designed to fit the flange of most structural beams; beam clamps act as a semi permanent lifting point for use with manual or electric hoists.

| Hire Period        | 1 day | 2 day | 3 day | week  |
|--------------------|-------|-------|-------|-------|
| Beam Clamp 1 tonne | 12.24 | 14.28 | 16.33 | 20.40 |
| Beam Clamp 2 tonne | 13.89 | 16.21 | 18.53 | 23.16 |

## BEAM TROLLEY

SAFETY EQUIPMENT SUGGESTED

Quick & easily installed in place; easily travels along the beam. Various widths available.

| Hire Period          | 1 day | 2 day | 3 day | week  |
|----------------------|-------|-------|-------|-------|
| Beam Trolley 1 tonne | 12.91 | 15.06 | 17.21 | 21.51 |
| Beam Trolley 2 tonne | 16.87 | 19.68 | 22.51 | 28.13 |
| Beam Trolley 3 tonne | 18.36 | 21.43 | 24.49 | 30.60 |
| Beam Trolley 5 tonne | 23.16 | 27.03 | 30.89 | 38.61 |

## LEVER HOIST

SAFETY EQUIPMENT SUGGESTED

This rugged, compact tool is designed for close quarter lifting or tensioning. Available in other sizes up to 9 tonne.

Capacity: 1.5 tonne x 1.5m. Other lengths available

| Hire Period | 1 day | 2 day | 3 day | week  |
|-------------|-------|-------|-------|-------|
| Lever Hoist | 23.82 | 27.80 | 31.77 | 39.72 |

• Chain Length: 1.5m

## A FRAME GANTRY

SAFETY EQUIPMENT SUGGESTED

As well as handling heavy loads, this robust, heavy duty gantry, with its built-in trolley is perfect for roof top work & other situations. Fully demountable.

SWL: Up to 3 tonne

| Hire Period    | 1 day  | 2 day  | 3 day  | week   |
|----------------|--------|--------|--------|--------|
| A Frame Gantry | 112.52 | 131.27 | 150.03 | 187.53 |

## RATCHET TOE JACKS

SAFETY EQUIPMENT SUGGESTED

All purpose jacks for lifting & lowering.

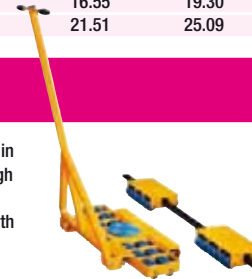

| Hire Period            | 1 day | 2 day | 3 day | week  |
|------------------------|-------|-------|-------|-------|
| Ratchet Toe Jacks 5 t  | 16.55 | 19.30 | 22.06 | 27.58 |
| Ratchet Toe Jacks 10 t | 21.51 | 25.09 | 28.69 | 35.93 |

## MACHINE MOVING SKATES

SAFETY EQUIPMENT SUGGESTED

Do your own machinery moving in the tightest of areas with our high quality all steel skate sets. Set includes skates & 1 full length handle. Available Up to 30 tonne

| Hire Period              | 1 day | 2 day | 3 day | week  |
|--------------------------|-------|-------|-------|-------|
| Machine Moving Skates 6t | 38.39 | 44.78 | 51.18 | 63.98 |

## WIRE ROPE WINCH

SAFETY EQUIPMENT SUGGESTED

This range of manual winches offers the versatility needed to tackle a variety of jobs encountered in forestry, agriculture, civil engineering & steel erection. Can be supplied with various rope lengths.

| Hire Period      | 1 day | 2 day | 3 day | week  |
|------------------|-------|-------|-------|-------|
| Winch 800kg      | 22.51 | 26.25 | 30.00 | 37.50 |
| Winch 1600kg     | 29.79 | 34.74 | 39.72 | 49.65 |
| Winch 3200kg     | 36.40 | 42.47 | 48.53 | 60.68 |
| 10m Tirfor Cable | 7.94  | 9.27  | 10.59 | 13.24 |
| 20m Tirfor Cable | 11.92 | 13.89 | 15.88 | 19.86 |
| 30m Tirfor Cable | 13.24 | 15.44 | 17.65 | 22.06 |

# LIFTING AND MOVING

## CABLE DRUM JACKS & SPINDLES

SAFETY EQUIPMENT SUGGESTED

The ideal way of jacking wooden cable drums.

| Hire Period          | 1 day  | 2 day  | 3 day  | week   |
|----------------------|--------|--------|--------|--------|
| Cable Drum Jacks 3t  | 36.40  | 42.47  | 48.53  | 60.68  |
| Cable Drum Jacks 6t  | 41.36  | 48.26  | 55.16  | 68.94  |
| Cable Drum Jacks 8t  | 51.29  | 59.84  | 68.39  | 85.49  |
| Cable Drum Jacks 10t | 125.75 | 146.71 | 167.67 | 209.59 |

## FURNITURE MOVERS

SAFETY EQUIPMENT SUGGESTED

Furniture movers are a portable light weight moving system which hydraulically lifts loads on to castors, allowing movement in any direction.

Capacity: 1800kg

| Hire Period      | 1 day | 2 day  | 3 day  | week   |
|------------------|-------|--------|--------|--------|
| Furniture Movers | 92.66 | 108.11 | 123.55 | 154.44 |

## BLOCK GRAB

SAFETY EQUIPMENT SUGGESTED

A simple scissor action manual grab for lifting a full pallet of blocks. Automatic release as standard.

| Hire Period       | 1 day | 2 day | 3 day | week   |
|-------------------|-------|-------|-------|--------|
| Block Grab 1500kg | 64.26 | 74.97 | 85.68 | 107.10 |
| Block Grab 1800kg | 64.26 | 74.97 | 85.68 | 107.10 |
| Safety Net        | 11.24 | 13.12 | 15.08 | 18.74  |

## CONCRETE GRAB

SAFETY EQUIPMENT SUGGESTED

Suitable for handling steps, kerbs, L-stones & various pre-cast concrete products.

| Hire Period   | 1 day | 2 day | 3 day | week  |
|---------------|-------|-------|-------|-------|
| Concrete Grab | 59.56 | 69.49 | 79.42 | 99.28 |

## ROUST-A-BOUT HOISTS

SAFETY EQUIPMENT SUGGESTED

The Roust-a-bout hoist moves vertically & horizontally enabling one man to lift & place loads in tight locations that would be impossible with other lifts.

R100: Maximum Height of Lift 4.6m  
SWL: 682kg  
R250: Maximum Height of Lift 7.6m  
SWL: 682kg

| Hire Period           | 1 day  | 2 day  | 3 day  | week   |
|-----------------------|--------|--------|--------|--------|
| Roust-a-bout R100     | 111.20 | 129.73 | 148.26 | 185.33 |
| Roust-a-bout R250     | 118.14 | 137.82 | 157.53 | 196.91 |
| Extension Head (R250) | 37.82  | 37.82  | 37.82  | 37.82  |

• Weight (R100): 140kg

• Weight (R250): 170kg
